

Dr. Guðrún Pétursdóttir - CV

Dr. Gudrun Petursdottir
Director,
Institute for Sustainability Studies,
Associate professor of Physiology,
University of Iceland,
Gimli v/Háskólatorg
107 Reykjavík, Iceland
gudrun@hi.is

Education

1970 - Konservatorium für Musik und Dramatische Kunst, Vienna
 1975 - B.A. Psychology, University of Iceland
 1977 - MA Physiology, Oxford University
 1991 - PhD Developmental neurobiology, University of Oslo.

Administration

- Director Institute for Sustainability and Interdisciplinary Studies from 2005 - present
- Associate Professor of Cell Biology and Embryology, Dept of Nursing, University of Iceland from 1987 – present
- Administrative Director NORDRESS Nordic Center of Excellence on Societal Security 2014 -
- Director, Fisheries Research Institute, University of Iceland Feb 1995-2005
- Various administrative positions on behalf of the Department of Nursing, University of Iceland from 1987 - present
- Member of the Board of the United Nations University Fisheries Training Programme from 1997 – present
- Steering committee on Air quality and health, Ministries of the Environment and of Welfare, 2010 - 2013
- Chair – Committee appointed by the Minister of health to coordinate studies on the health effects of the Eyjafjallajökull eruption in 2010.
- Chairman of the Board of the Nordic Marine Academy 2004-2010
- Member of Nordic Work-Group for Fisheries Research (NAF) from 1995 - 2008
- Member of board of NAIP North Atlantic Island Project from 1995 - present
- Board member of Nordic Summer School on Construction of the Brain: Development and Evolutionary Principles, 1997- 2007.
- Member of the FAO Advisory Committee on Fishery Research (ACFR), appointed by the Director General of FAO 2002-2007
- Member and Chairman of University Committee on Improved Teaching

Project management 2008 –

- Administrative Director NORDRESS Nordic Center of Excellence on Societal Security 2014 -
- Co-manager of Icelandic consortium of EU FP7 ENHANCE 2012 – Enhancing Risk Management Partnerships for Catastrophic Natural Disasters in Europe.
- Principal investigator (PI) Effects of Eyjafjallajökull eruption on human and animal health 2010 –

- PI STRINGS interdisciplinary research on energy transport 2007 – 2013
- PI Longterm relief and recovery planning following natural disasters – 2006-2008
- WP leader in EU FP6 project on Secure and Harmonized European Electronic Logbooks 2003-2008
- PI Improved information systems for fisheries managers Supported by NORA 2003-2007
- PI Electronic Fisheries Logbooks 2003-2008

Non-academic administration

- Chair – Iceland Constitutional Committee 2010 -2011
- Chair of board of Charity fund for children with cardiac problems from 1996-
- Vice-chair Board of Friends of Grensas Rehabilitation Clinic 2008 –
